Lecture: Redrawing Social Media Boundaries Using AI

26th March 2025 | Seminar Hall

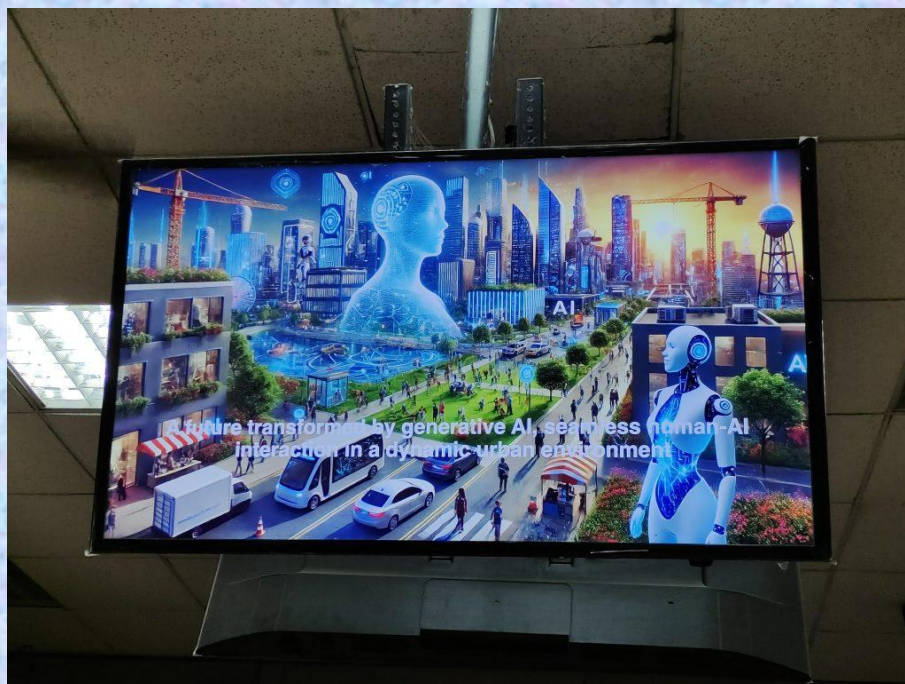

The Department of Computer Science organized an expert lecture titled “**Redrawing Social Media Boundaries Using AI**” on 26th March 2025 at the Seminar Hall. The session offered an insightful exploration into how Artificial Intelligence is reshaping digital interaction.

The keynote address was delivered by **Prof. Hema Banati (Department of Computer Science, Dyal Singh College)**, who discussed real-world applications such as algorithmic filtering, behavioral analytics, and content regulation. She emphasized their far-reaching implications on personalization, misinformation, security, ethics, freedom of expression, and digital democracy.

This intellectually stimulating session encouraged participants to reflect on the evolving role of AI in shaping online discourse and safeguarding responsible digital practices.

Ms. Sonia Singh
