

National Student Paryavaran Competition (NSPC-2026).

The **Department of Environmental Studies, Shyam Lal College (Evening), University of Delhi**, successfully organised the **National Student Paryavaran Competition (NSPC-2026)**, an online national-level environmental awareness and quiz initiative supported by the **Ministry of Environment, Forest and Climate Change** and the **Ministry of Education, Government of India**.

The programme was conducted under the **esteemed guidance of the Principal, Prof. Nachiketa Singh**, and was efficiently coordinated by **Prof. Kumar Prashant, Convenor**, whose leadership ensured the smooth execution of the initiative. The programme was further supported by the active involvement of EVS faculty members **Dr. Akanksha Verma, Dr. Ritu Jangirh, and Dr. Suman Rani**.

The competition received an enthusiastic response, with **around 130 students from Shyam Lal College (Evening)** participating in the online quiz. The initiative provided students with an engaging platform to enhance their awareness and understanding of contemporary environmental challenges and sustainable practices.

The competition featured 20 environment-based Multiple Choice Questions (MCQs) to be completed within 30 minutes. The quiz covered important environmental themes, including Climate Action, Water Conservation, Waste Management, Sustainable Living, Green Innovations, and Biodiversity & Nature.

The successful participation of students reflects the Department's continued commitment to fostering environmental awareness, sustainability-oriented thinking, and active student engagement. NSPC-2026 served as a meaningful platform for encouraging young minds to understand environmental challenges and recognise their role in building a cleaner, greener, and more sustainable future.
