

Department of Computer Science

Orientation Programme 2026-27

Organised by: Department of Computer Science, Shyam Lal College (Evening), University of Delhi

Date: 9th October 2026 (Friday)

Venue: Computer Lab – I

Patron: Prof. Nachiketa Singh

Teacher-in-Charge: Prof. Aditya P. Tripathi

Coordinator: Dr. Sonia Singh

Convener: Dr. Karan Gupta

Brief Description

The Department of Computer Science, Shyam Lal College (Evening), University of Delhi, organized its **Orientation Programme 2026** for the newly admitted first-year students on **9th October 2026** at Computer Lab–I. The programme aimed to warmly welcome the new students to the Department and familiarize them with its academic environment, faculty members, departmental structure, student society, and various academic and co-curricular opportunities.

The programme commenced with a warm welcome to the respected Principal, **Prof. Nachiketa Singh**, the faculty members, seniors, society members, students, and participants. As a gesture of respect and gratitude, the faculty members of the Department of Computer Science **presented a sapling to the respected Principal, Prof. Nachiketa Singh**.

The respected Principal, **Prof. Nachiketa Singh**, welcomed the newly admitted students and emphasized the vast opportunities offered by Computer Science, encouraging them to strive for academic excellence, good placements, and successful careers while bringing recognition to the Department and the College. He highlighted the importance of making the most of college life through continuous learning, discipline, character-building, humility, mutual respect, and active participation in academic, sports, cultural, and society activities. Emphasizing teamwork, cooperation, gender equality, and respect for diverse perspectives, he encouraged students to face challenges confidently, develop their capabilities, and contribute as responsible citizens towards the vision of *Viksit Bharat*. He also assured them of the College administration's support and encouraged them to approach him whenever they needed guidance or assistance.

Dr. Sonia Singh also addressed the students and shared her thoughts and experience with the new batch, encouraging them to actively participate in departmental activities and make meaningful use of the opportunities available to them.

A presentation prepared by the senior students was then presented to introduce the freshers to the **Department of Computer Science**, its journey, vision, academic environment, and student community. The presentation familiarized the students with the **departmental structure and the academic programmes offered by the Department**, including the relevant programme structure under the **Undergraduate Curriculum Framework (UGCF) of NEP 2020**. The students were also introduced to the flexibility and multidisciplinary nature of the curriculum and the various opportunities available for academic and holistic development.

The presentation further provided an overview of the **General Electives and other curricular components**, along with the subjects and areas of study offered to students. The students were encouraged to build strong foundational knowledge, develop practical skills, and actively participate in academic, technical, and co-curricular activities.

The presentation also introduced the students to **InspiriTi, the Departmental Society of Computer Science**, and provided a glimpse into the various activities and opportunities through which students can engage with the Department beyond the classroom.

The programme concluded with a **Vote of Thanks delivered by Dr. Karan Gupta**, who expressed gratitude to the Principal, Teacher-in-Charge, faculty members, organizing team, students, and participants for their support and presence.

The Orientation Programme 2026 provided a warm and engaging beginning to the academic journey of the new batch and helped students become familiar with the Department, its academic structure, opportunities, and vibrant co-curricular environment.
